

THE APPEAL.

Educational.

SCHOOL FOR BOYS Preparing for College.

The Current Trade Between Vicksburg and New Orleans.—The Vicksburg Miss. of the 1st inst., has the following:

Wrote.—"Some time since there came up a proposal from the Vicksburg Board of Trade to advertise for persons to take the cotton between this place and New Orleans, the merchants considering the price of our dollar per bushel to be too low. This proposal was not made, though several of our citizens have been offered it. But, if it is voted, the effect will be to carry cotton at 75 cents on the old price, or up freight."

It is noted, as a fact, that there is not a vessel at New York, says a letter from that city, that has a cargo of cotton on board. It is also noted, that a hundred of grain on shipboard for port, a circumstance almost unprecedented before, is the first of September; and that grain Sardinian, which is now in port.

Capt. Clark, of the Memphis packet, Ben Franklin, offered to take cotton for \$5000, per ton, and grain for \$1000, per ton, several other offers were made at the same prices. But the committee refused, and very properly so, the offer of the Vicksburg Board of Trade, as it is composed of members of our principal business houses, and they will be compelled to break down the discrimination which is made against our commerce.

Mr. G. L. Jackson, on his return from Europe, says, "I have seen a good deal of the world, and I am not yet satisfied with my travels."

Mr. J. H. Parker, of the Vicksburg Daily, says, "We are told, the outside limit to which our merchants will cease to go."

RACHEL.—We had the following anecdote of the great tragedian in the *Irishman*:

"In the body of a French child, I said, in answer to the question, who are the relatives, one after the other, go up to it, and calling out, the name of several times, invoke forgiveness, for the death of the child, and the death of the child, ending with the repetition of the third word, three times."

The American Review will open the day after next.

JOHN MILLINGTON, M. D., of the College Building.

Lagrange Female College.

The Lagrange Female College, the object of which is to give the daughters of the middle class a good education, will open the 1st of October.

THURSDAY.—For the educational year, embarking 41 weeks, the course of study will be as follows:

For Primary Education, 4 weeks.

SAINT AGNES FEMALE ACADEMY, MEMPHIS, TENN.

The First Annual Meeting of the Saint Agnes Academy, will commence MONDAY, Sept. 1, 1857.

TEACHERS.—For the educational year, embarking 41 weeks, the course of study will be as follows:

For Primary Education, 4 weeks.

BROWNSVILLE FEMALE COLLEGE.

The First Annual Meeting of the Brownsville Female College, will commence MONDAY, Sept. 1, 1857.

TEACHERS.—For the educational year, embarking 41 weeks, the course of study will be as follows:

For Primary Education, 4 weeks.

BROWNSVILLE MEDICAL COLLEGE.

The First Annual Meeting of the Brownsville Medical College, will commence MONDAY, Sept. 1, 1857.

TEACHERS.—For the educational year, embarking 41 weeks, the course of study will be as follows:

For Primary Education, 4 weeks.

BRIGADE ARCTIC LINIMENT.

This Liniment is a powerful remedy, which will remove all the scabs and ulcers, and cure all the diseases of the skin, and especially those of the head.

DRUGS.—For the educational year, embarking 41 weeks, the course of study will be as follows:

For Primary Education, 4 weeks.

LAGRANGE SYNDICAL COLLEGE.

The First Annual Meeting of the LaGrange Syndical College, will commence MONDAY, Sept. 1, 1857.

TEACHERS.—For the educational year, embarking 41 weeks, the course of study will be as follows:

For Primary Education, 4 weeks.

MEMPHIS MEDICAL COLLEGE.

The First Annual Meeting of the Memphis Medical College, will commence MONDAY, Sept. 1, 1857.

TEACHERS.—For the educational year, embarking 41 weeks, the course of study will be as follows:

For Primary Education, 4 weeks.

NEW SPRING GOODS! At Reduced Prices.

JAMES A. STREETT & CO.

A New Young and STYLISH SPRING AND SUMMER CLOTHING.

It is now 20 per cent. lower than former prices. Boys' suits having been brought down to \$10.00, and girls' suits to \$15.00.

We are prepared to execute orders for men's and women's wear, and to supply all the latest fashions.

CHARLES R. ABOTT, Manufacturer.

BOAT & NICO MEDICAL COLLEGE.

MEMPHIS, TENN.

The Thirteenth Annual Grand Fair will commence on the FIRST MORNING IN NOVEMBER, 1857.

G. W. MORRIS, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present, and Dr. J. C. GRIFFING, M. D., Professor of Anatomy, and Dr. J. C. GRIFFING, M. D., Professor of Pathology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING, M. D., Professor of Chemistry, and Dr. J. C. GRIFFING, M. D., Professor of Physi-

ology, will be present.

Dr. J. C. GRIFFING,
